

## 7th SCI: KBCP

Objective

KS.7.3.3  
Analyzes the biodiversity of  
different types of ecosystems.

KS.7.3.2  
Analyze factors that influence  
the size and stability of  
populations within ecosystems.

KS.7.3.1  
Classify and compare  
predator-prey, cooperative,  
competitive, and symbiotic  
relationships.

35% mastered
